

### No Stopping

The 'No stopping' sign means you must not stop at any point on the road or kerb in the direction of the arrow, unless in an emergency.

Restrictions may apply at certain times only, which will be shown on the sign.

### Time-limited Parking

You must not park longer than the period stated on the signs. This time is often indicated by a number and the letter P.

The time limit applies to the hours and days of the week shown on the sign.

### No Parking

You must **not** stop or park your vehicle:

- alongside another parked vehicle (double park)
- across a driveway, unless you're picking up or dropping off passengers
- on a median strip, unless a sign says you can
- on a traffic island
- within an intersection
- on a children's crossing or pedestrian crossing
- on a railway level crossing
- on footpaths and nature strips, unless a sign says you can
- in a slip lane, unless a sign says you can.

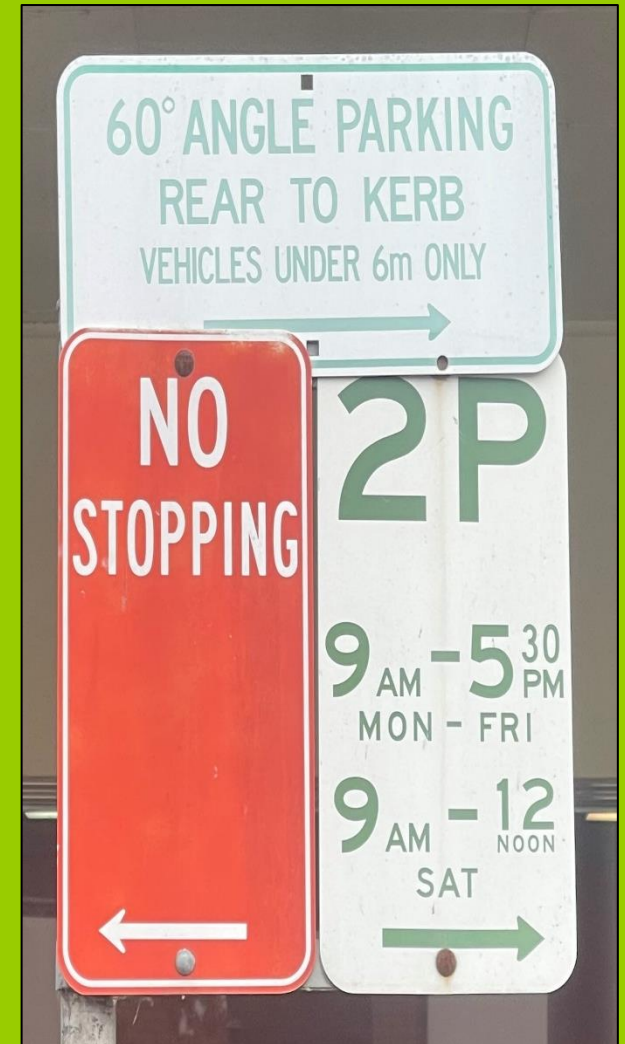

### 'No Parking' Signs

You must not park on a road or in an area where there's a 'No parking' sign. This may be all the time or at certain times, as shown on the sign.

You can stop for less than 2 minutes if you stay within 3m of your vehicle, if you're dropping off or picking up passengers or loading or unloading items.

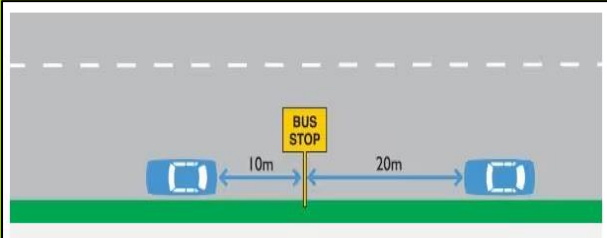

## PARKING SAFETY

**COOTAMUNDRA-  
GUNDAGAI** REGIONAL COUNCIL

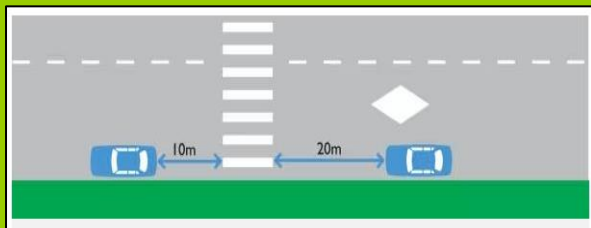

### Bus stops

You must not park within 20m before and 10m after a bus stop unless a sign says you can.

### Bus zone

You must not stop in the direction of the arrow or arrows on the sign, unless you're driving a public bus. Some bus zones have times shown. You can stop or park your vehicle outside those times.

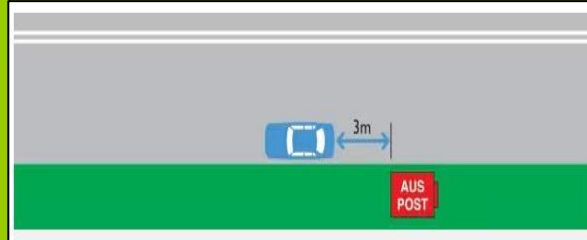

### Crossings

You must not stop or park within 20m before and 10m after a children's crossing or pedestrian crossing unless a sign says you can.

### Australia Post box

You must not park within 3m of an Australia Post letter box. You can stop to post mail or drop off or pick up passengers.

### Fire hydrants

You must not park within 1m of a fire hydrant, fire hydrant indicator or fire plug indicator.

MPS permit holders can also park for longer in areas with time restrictions.

### Accessible parking

You can park in an area reserved for people with disability if you have a current Mobility Parking Scheme (MPS) permit, or if you're driving a person with the permit. The permit must be displayed in the vehicle.

### Loading zone

Loading zones are clearly signed parking areas that drivers may use while they are picking up or delivering goods, and bus drivers may use to pick up and set down passengers. Loading zones are primarily intended to support businesses without access to off-street loading or parking facilities in areas with limited kerbside parking.

A driver may park in a loading zone if:

- They are driving a vehicle that has been built to carry goods and they are engaged in picking up or dropping off goods (up to a maximum of 30 minutes). For example, a driver delivering music equipment at a venue; or
- They are driving a public bus, and they are picking up or setting down passengers (up to a maximum of 30 minutes).

Drivers of other vehicles may also use loading zones to drop off or pick up passengers but may only stop for the period during which a person is getting into or out of the vehicle.
